

# GREAT STRIKE IS ORDERED

## Thousands Directed to Quit Work.

### Big Packing Plants Throughout the Country Are Hit by Order.

Chicago Alone 140,000 Men Will Lay Aside Tools and Walk Out.

CHICAGO, July 11.—A general strike of the employees of all the big packing plants throughout the country was ordered tonight by Michael J. Donnelly, president of the Amalgamated Meat Cutters and Butcher Workmen of America. Unless the packing companies agree to some sort of compromise to the demands of the union the 40,000 workmen affected by Donnelly's order will quit tomorrow at noon. The strike involves the following companies, which have branches in Kansas City, St. Joseph, St. Louis, Omaha, St. Paul, Fort Worth and New York City: Armour & Co., Swift & Co., Nelson Morris & Co., Schwartzchild & Sulzberger, Cudahy Packing company and the National Packing company. In Chicago alone these companies employ more than 140,000 men, all of whom will quit work at the same time as do the packing employees outside of Chicago.

**Why Order Was Issued.**  
In an interview tonight Mr. Donnelly said: "For nearly two months we have been carrying on negotiations with the committee of representatives representing all the packers, in order to secure an agreement for our members, the all contracts between the unions and the companies having expired on May 1. Since that time we have been working without any agreement and have tried in every way to reach a satisfactory agreement with the packing companies, but they have refused to accept any proposal we have submitted, refusing to compromise in any way. Finally the men became disgusted, and tonight's order for a general strike was the result."

**What the Packers Say.**  
Superintendent J. J. Conway of Armour & Co. made this statement: "Neither side wants a strike. Of that there can be no doubt. While, so far as I know, no arrangements have been made for another meeting between the representatives of the packers and of the union, still I think a further conference will be held tomorrow, and in all probability a satisfactory settlement of the difficulty will be reached."

The decision to call a strike was reached at a meeting of the Packing Trades Council, called by the executive officers of the different unions whose members are employed in the packing plants, to decide whether the unions would continue negotiations for the skilled men only, as proposed by the packers' representatives, or whether they would have called a strike on the basis of a minimum wage for unskilled labor. The vote in favor of a general strike was unanimous.

**Butcher Workmen's Wages.**  
The butcher workmen at a recent convention decided that a minimum wage of 20 cents an hour for common labor should be established. The packers, however, refused to accept this proposal, and although several other conferences were held, no agreement could be reached.

**Referendum Vote.**  
Finally it was decided by the officers of the unions to take a referendum vote upon the question of calling a strike to enforce the demands. Before making the order tonight for the strike tomorrow, Mr. Donnelly said that meetings held in other cities where the packing companies have branches and that at all those meetings the vote resulted in favor of a general walk-out.

**Big Concerns Affected.**  
In addition to the large firms already mentioned, the following concerns will be affected by the strike: St. Louis Dressing Beef company, East St. Louis Powder Packing company and Ruddy Bros., Kansas City, and a number of smaller distributing houses throughout the East. The men handling dressed beef for the export trade have also been ordered out, as the union intends to strike at every point controlled by the so-called beef trust.

**SITUATION IN OMAHA.**  
No Live Stock Market on Account of the Strike.

OMAHA, July 11.—The packing house managers of South Omaha have notified the commission men there will be no live-stock market Tuesday on account of the threatened strike of 4000 packing-house employees. This notice was given early today, and that commission house men might notify shippers to withhold shipments of live stock to this city until the threatened trouble was settled. It is understood that the local packing-house men have received orders to strike at noon tomorrow. This order, however, is conditioned on further instructions from Chicago, where negotiations are in progress.

One of the large packing-house managers stated tonight that, although there would be no market tomorrow, his plant would remain open and give employment to all men who did not join the strikers in case of a walk-out. He expressed the belief that Omaha would not be affected by the strike because the scale demanded by the packing-house employees was already being paid at South Omaha.

Local leaders of the Amalgamated Meat Cutters' union declined to discuss the situation, saying that the action of the South Omaha men would depend on orders received from Chicago. He declared, however, that 4000 employees were ready to stop work if ordered to do so.

## WALKOUT IN KANSAS CITY.

Twelve Thousand Employees Will Leave at Noon.

KANSAS CITY, July 11.—Unless the packers recede from their position in the wage scale controversy it is expected that the 12,000 men and women employed in the Kansas City packing plants, and who owe allegiance to the Amalgamated Meat Cutters and Butcher Workmen's union, will go on a strike tomorrow at noon.

The executive committee of the various unions of the Kansas City, that owe allegiance to the Amalgamated Meat Cutters and Butcher Workmen's union, met in Kansas City, Kan., tonight and received final instructions as to the strike in the packing-houses, which had been called for noon tomorrow. One thousand men attended the meeting. When the telegram ordering a strike was received the men rose to their feet and cheered.

## WILL OBEY THE ORDER.

Six Thousand Men at St. Joseph Will Step Out.

ST. JOSEPH, Mo., July 11.—Union leaders of the packing-house employees in South St. Joseph say tonight that all union men in the four plants, Swift's, St. Joseph, Nelson Morris & Armour's will strike tomorrow, according to advices received from the National officers. Many non-union men can be secured to take their places, but managers of each of the plants tonight said they had made no arrangements on this line, but probably would do so after the men walk out. Six thousand men are employed in the plants in South St. Joseph. Not all of the union men are in favor of a strike, but they will obey orders from headquarters.

## St. Louis Plants Will Close.

ST. LOUIS, July 11.—All the big dressed beef, pork and provision plants in the city and East St. Louis, including Armour & Co., Nelson Morris, Schwartzchild & Sulzberger, Swift & Co. and the Cudahy Packing company, will close their plants at noon tomorrow if the union butchers, who have threatened to strike, persist in their demands. In the event of a strike here, approximately 2500 butchers and meat-cutters will be out.

## SHOT IN THE STREET.

Prominent Wholesale Fruit Dealer in Chicago Fatally Wounded.

CHICAGO, July 11.—Andrew Cuneo of the firm of Cuneo Bros., prominent wholesale fruit dealers, was fatally shot in the street in front of his establishment today by a man giving his name as Crescio. It is believed that Crescio is insane. The men were brothers-in-law.

Crescio was soon surrounded by a crowd and was held pending the arrival of the police.

The shooting occurred in front of Cuneo's store in South Water street where Cuneo was busy receiving fruit. Crescio crept up behind and shot the merchant twice before a dozen bystanders could interfere. One bullet took effect in the left temple, while the second penetrated the head near the base of the brain.

Crescio was, until this morning, employed by his brother, John Crescio, who has a wholesale fruit store a few doors from the house of Cuneo. Brothers-in-law, J. C. Crescio, another brother of Cuneo's, and after living with her for a few years is said to have deserted her. It is said that this, together with the keen business rivalry between his brother and Cuneo brothers were sufficient causes in the man's disordered brain for him to attempt to take Mr. Cuneo's life.

## CLARK IS PLEADED.

Montana Senator Talks of the Result at St. Louis.

KANSAS CITY, Mo., July 11.—William A. Clark, United States Senator from Montana, who was in Kansas City today on his way home from the East, said regarding the ticket named by the Democratic National convention:

"It is a good ticket, and the platform is all right. The silver question as a political issue is dead. I am just as much a bimetalist as ever, but the unusual increase in the production of gold has temporarily shelved the free silver issue."

"The platform is not one that particularly appeals to the West, but we will not fight it. As far as the monetary question is concerned, it is a stand-off between the platforms of the Republican and the Democratic conventions."

"But Parker is a safe, conservative man, and the nominee for Vice-President is entirely satisfactory. They will be elected. We will carry New York by 100,000 and West Virginia will go from the Republican to the Democratic column."

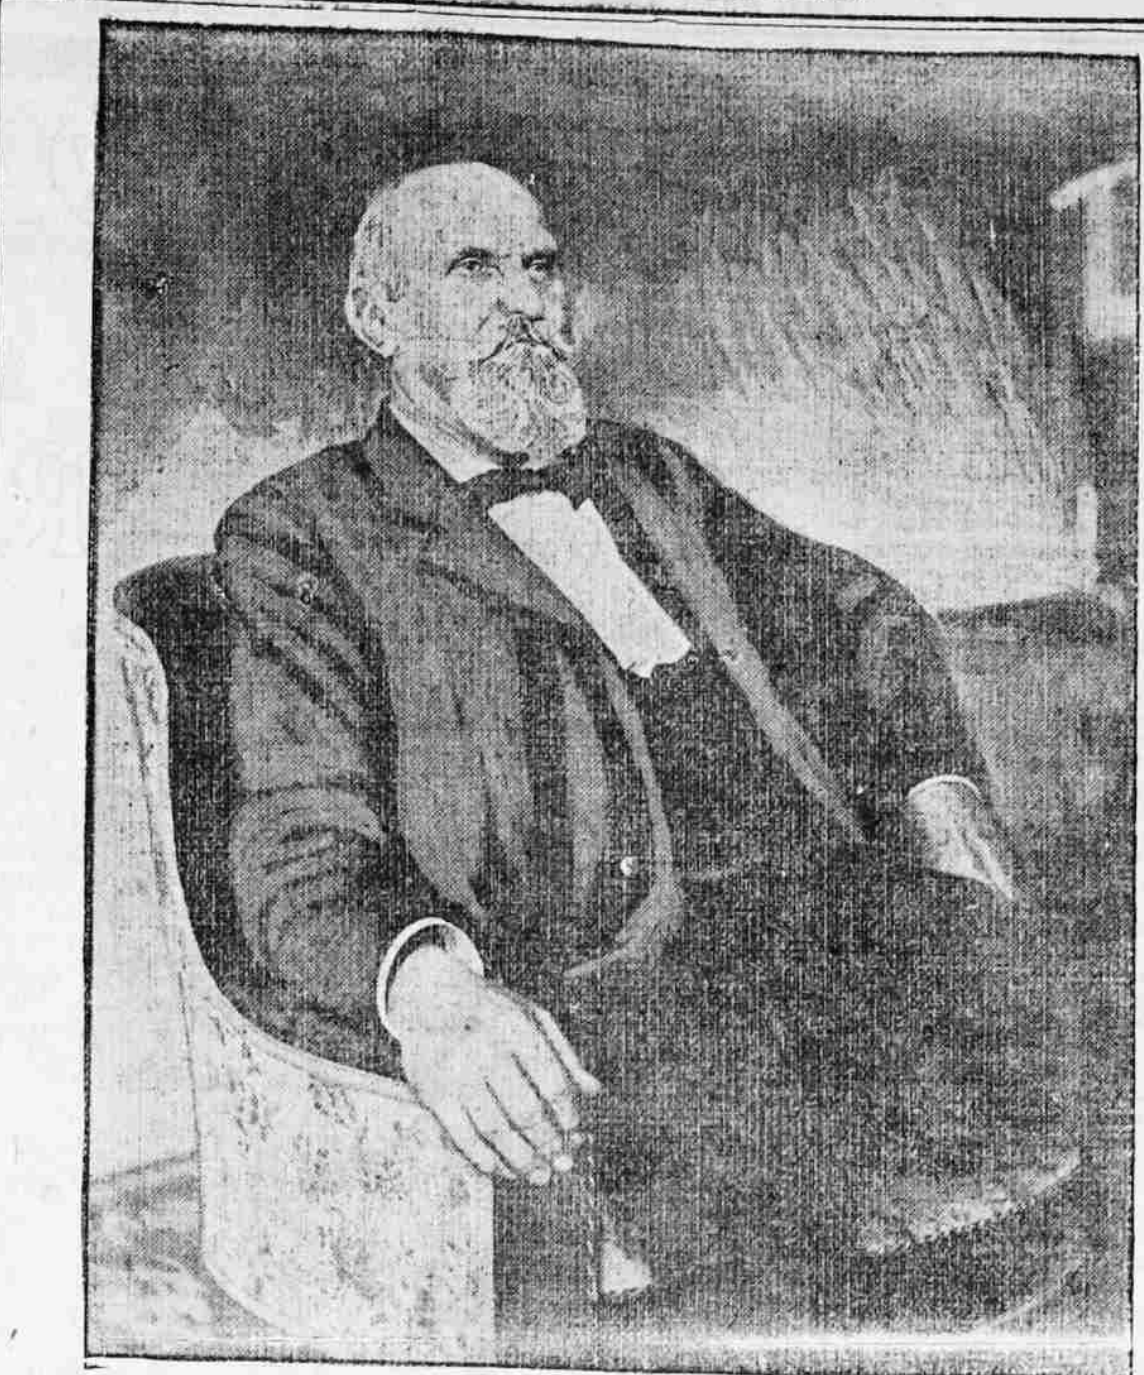

## DESTROYED THE WEEVIL.

Guatemalan Ants Turned Loose in Texas Cotton Fields.

WASHINGTON, July 11.—The effectiveness of the Guatemalan ants in checking the ravages of the boll weevil in the cotton fields has been tested, and Mr. Cook, expert of the Agricultural department, in a telegram to Secretary Wilson today, announced that the ants promptly destroyed the weevil, and the Texas ants as well. The telegram, which was the subject of great satisfaction to both Secretary Wilson and Dr. Galloway, chief of the bureau of planting industry, is dated Victoria, Tex., and is as follows:

"After four weeks of captivity and sugar diet, the Guatemalan ants promptly destroyed the Texas boll weevil; also the Texas red ants, the harmful species which it was feared they might resemble."

**Ball Player Killed by Lightning.**  
PITTSBURGH, July 11.—Charles Jeffries, left fielder of the Johnstown baseball team, was killed by lightning at McKeesport this afternoon.

Former Senator James J. Jones, who will retire as chairman of the Democratic National committee.

## SLEW FOURTEEN MEN.

Pearl Skelton Accused of Wholesale Murder in Colorado.

CRIPPLE CREEK, Colo., July 11.—Pearl Skelton was brought to this city today from Pueblo on a warrant charging him with the murder of the fourteen men who were killed by the explosion at Independence Station June 6. Skelton, who left Cripple Creek after the explosion, was arrested on the Merrill ranch, near Rye Station, in Pueblo county.

Sheriff Bell said that Skelton had talked a great deal about the explosion, but he did not know what evidence had been obtained to connect him with the crime. Skelton protested his innocence and said that he would have no difficulty in proving an alibi.

Upon complaint sworn out by S. A. Phipps, a direct information was today filed in the District court charging Frank Cochran, secretary of the Victor Miners' union; Arthur Parker, Albert Carrington, Thomas McManus, Richard James, John James, Edward McKelvey and Alfred Miller with conspiracy to kill Roscoe McGee, who was shot and instantly killed in the Victor street fight on June 6. All of these men are now in jail here.

The warrant for Skelton was sworn out by Sheriff Bell, who had received information that Skelton had been boasting that he knew who caused the explosion at Independence. Skelton was a member of the Free Coinage Miners' union and had worked in several mines in the district.

## RUSSIA IS PROGRESSING.

Persons Accused of Political Crimes Will Be Tried by the Courts.

ST. PETERSBURG, July 11.—The system of condemning political prisoners by administrative order has been abolished by imperial decree, and persons accused of political crimes will henceforth be tried by the courts under the usual procedure. This order is far-reaching, ending forever the arbitrary condemnation to exile or even death of political suspects without the intervention of the courts. It is considered to be one of the most sweeping reforms of this generation and it is understood that it was recommended by the Council of the Empire, with the acquiescence and approval of the Minister of the Interior, M. Plehve.

## TWO BOODLERS PLEAD.

Both Admit Their Guilt in Court at St. Louis.

ST. LOUIS, July 11.—Charles J. Denny, a former member of the Municipal Assembly, charged with bribery in connection with the city lighting deal, pleaded guilty today. Sentence was deferred. Denny is the third of the nineteen former members of the Assembly, indicted on various charges of boodling, who have pleaded guilty.

After Denny had entered his plea the case of Jerry J. Hannigan, a former member of the Municipal Assembly, indicted for a similar offense, was called. After some parleying Hannigan pleaded guilty. His sentence will probably be pronounced at the same time as Denny's.

## Davis Replies to Parker.

ESOPUS, N. Y., July 11.—This afternoon, in reply to his telegram of congratulation to former Senator Henry G. Davis, the nominee for Vice-President, Judge Parker received the following:

"ELKINS, W. Va.—Delay in reaching home. Thanks for your telegram. Most cordial congratulations to you and the country on your nomination. I feel proud and highly honored to be with you on the ticket."

H. G. DAVIS.

## Killed Wife, Then Himself.

NEW YORK, July 11.—In a jealous rage William Neering probably fatally wounded his wife and then committed suicide at his home in Brooklyn.

The couple had five children who were huddled in an adjoining room when the crime was committed.

**Overcome in Courtroom.**  
SAN FRANCISCO, July 11.—Eppinger was in court and in his usual place when he was overcome by one of the sinking spells to which he is subject. The jury was in the box and the trial was about to proceed when Attorney Ach stepped to the bench and told Judge Lawler that his client was in a very serious condition. Special Prosecutor Campbell was called into conference, physicians were summoned and the adjournment of the case followed.

**Railway Train Attacked.**  
VIENNA, July 11.—A dispatch from Belgrade to the Nussweiner Tagblatt says that a train was run over by a train running from Sallonica to Constantinople near Debe-Agach, as the result of which many persons were killed or injured. No details are given.

**Serious Fight Is Expected.**  
GENERAL COUNT KELLER'S HEADQUARTERS, via Liao Yang, July 11.—A serious fight is expected soon. The opposing forces are now occupying the hills on opposite sides of the valley of the Liao Yang river, where it crosses the Liao Yang road. The Russians, both officers and men, are anxious to contest the Japanese advance.

# FEMALE WEAKNESS IS OFTEN DUE TO CATARRH

A GRATEFUL WIFE AND MOTHER RESTORED TO HEALTH AFTER YEARS OF SUFFERING.

PE-RU-NA CURES CATARRH WHEREVER LOCATED.

MRS. J. P. REGNIER, 734 W. 20th St., Chicago, Ill., writes:

"I am anxious to show my gratitude for what Pe-Ru-NA has done for me, and hope this will reach the eyes of some woman who has suffered as I did. For two years I had intense pains regularly every month, had headache and backache. At such times I was hardly able to be about, and felt very weak and worn out. I am now feeling very well, but would not be without Pe-Ru-NA in the house. When I see my children are not feeling well and have a little cold, I at once give them Pe-Ru-NA, and they know it does them good, so they take it without any trouble. I am a new woman since I began taking Pe-Ru-NA. My friends say, 'How well you look!' and I tell them what made me well, so some of my friends are going to try it themselves."—Mrs. J. P. Regnier.

Women all over the United States recommend Pe-Ru-NA. They praise it as a remedy particularly adapted to their peculiar ailments. But they do not stop there. They recommend it as a family medicine; they give it to their little children. They say they would not be without it in their homes.

Thousands of women suffer from pelvic catarrh and catarrhal nervousness and don't know it. If you feel fogged out, begin at once taking Dr. Hartman's Pe-Ru-NA. It will relieve your catarrhal troubles. Give it all your organs will be restored to health. Buy a bottle today, as it will alleviate your case.

What then, is Pe-Ru-NA? Is it a cure-all? No such claims are made for it. Pe-Ru-NA cures catarrh and that is all it does cure. But many ailments caused by countless different names are dependent upon catarrh, that is catarrhal inflammation of the mucous membrane lining some organ of the body. Hence Pe-Ru-NA cures catarrh of the pelvis or gynec (female weakness), with the same surety as it cures catarrh of the nose or throat, or the many other catarrhal ailments of children.
